

**Wir Versenden Mit
UPS carbon neutral**

Date: 30.01.2024

It is important to AMS to address climate change. The UPS carbon neutral option supports projects that offset the emissions generated by the transportation of the shipment. AMS and UPS support projects such as reforestation, methane and landfill gas destruction and wastewater treatment.

For UPS carbon neutral, we have partnered with world-renowned third-party verification and certification organizations to ensure the effectiveness of this service. The involvement of these organizations is a testament to the quality and reliability of our carbon neutral shipping option.
